

IMPACT REPORT

2022

*“If it weren’t for supporters of Ellie’s Rainy Day Fund,
people with such love and compassion,
I would not be writing this now. You are such blessings.
Thank you for saving me from having to say goodbye.
I will be forever grateful for this blessing.”*

– Bob Bob’s Mom

You Saved This Family

“Things were serious for our beloved Indy. All of a sudden she became incontinent, and was in obvious pain. Turns out, she had a large mass that was partially obstructing her ability to eliminate waste. Every day that it was inside her was a day closer to her blocking fully, which would kill her.

This girl has been our lifeline since she joined our family at 4 months old. She plays a critical role in helping my son navigate his challenges with autism. Indy helps calm him down when he becomes dis-regulated. She will actually stand in front of him and put pressure on him until he lays down and cuddles her. Indy has had no special training to know how to do this. She just knows.

What did it mean to us that you made this surgery possible? The world! You saved our world. I was going to try to mortgage my home to save her, but it wouldn't happen fast enough. To every single donor I say, thank you for saving our dog, and thank you for saving our son.”
– Indy's Mom

Thank you for being a part of Indy's story. His family is only one example of the 77 you helped in 2022. This would not have been possible without you.

I am humbled by your deep compassion for families in desperate need of emergency medical treatment for their beloved pets. In 2022, we had more requests for help than ever before, and YOU came forward to meet those needs!

Please enjoy learning about how you are bringing hope and healing to those in desperate need of love through your support.

I am beyond grateful for your generous heart,

– Juli Burnell,

Executive Director/Founder

P.S. I believe together in 2023 we can reach 90 Faithful Friends, spend \$180K in Care Grants, and keep at least 85 more families together by saving their pets' lives. Are you in?

You Give Our Veterinarians Hope

Because of you, families are spared the heartbreak of euthanizing their beloved pets. Veterinary professionals can provide treatment without the hindrance of a lack of funds. The relief you provide them is immeasurable. You are supporting them to do what they went into the field to do – save lives!

Kyle Hapner, DVM, says *“Ellie’s Rainy Day Fund helps me to give back to those we care for. Our staff is thankful to partner with your donors. This way we can help more clients and their beloved pets who would otherwise be unable to get treatment.”*

Faithful Friends

Collectively, our 78 Faithful Friends donated over \$32,000 in 2022! Whether they give \$5 or \$1,000, they know that *every month* they save lives.

Dohn and Marsha Roush started out as volunteers, and became Faithful Friends to help even more.

“It’s very satisfying to know our contributions are being used to save lives that otherwise would be lost.”
